Dear Parent/Carer

CONSIDERATE PARKING PLEASE

In the past few days, one or two inconsiderate people have parked across residents driveways and caused some genuine distress to our local residents who were unable to either leave their own driveways or allow others to access the driveways. In one case a car was parked for over 20 minutes which is clearly unacceptable. We believe that the persons in question are Delapre Primary School parents.

You will be aware that the advice given to our local residents is to take a photo of the car registration and email it to the police. It should never have to come to this when pupils are supposed to be at a local school and the majority of parents are able to walk their children to school.

Therefore we remind all parents (or those people dropping/collecting children) to kindly not park in a position which prevents access to and from people's driveways.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'H. Portrey', with a stylized flourish at the end.
