

29<sup>th</sup> March 2019

Dear Parent/Carer

**DELAPRE PUMPKIN CHALLENGE 2019**

Each year we run a competition to see which child can grow the largest or smallest pumpkin. The child who grows the largest pumpkin will receive a cup.

If your child wishes to take part in the challenge they will bring home a pumpkin seed and a pot, together with full instructions on how to grow and care for their pumpkin. This year, in line with our Eco Policy, we are recycling used plant pots and using seeds from a giant pumpkin, kindly donated to us.

We hope you will be able to support your child with this venture and encourage them to grow and care for the pumpkin themselves.

We will notify you of a date in October when the children are invited to bring their pumpkins to school to be weighed and for the presentation of the cup.

Many thanks and good luck to the children!

Yours faithfully,

A handwritten signature in black ink that reads 'A Feetham'.
